

Located in Lumpkin County since 1980, PolyPortables was purchased by Satellite Industries in 2018. Satellite Industries currently employs 65 people at the facility in Lumpkin County and, as the world's largest supplier, provides portable restroom products to over 120 countries around the world.

Satellite Industries understands workforce development is economic development! Their commitment to workforce development is demonstrated by a new partnership between Satellite Industries, Lumpkin County High School, Lanier Technical College, and WorkSource Georgia Mountains to allow for 7 Lumpkin County High School graduates to work at Satellite Industries while attend welding school at Lanier Technical College – for FREE! Upon completion of their welding certification, Satellite Industries will provide each of them with a position within their company. This experience will position these graduates to have successful careers in this field now and in the future!
