

One stylish mom with two sweet girls, that is the core of Two Daughters Design Co. The heartbeat for this design team started over twenty years ago, when Christine found her passion and love for creating authentic, glamorous Christmas designs for family and friends. As time has gone on, one daughter was born along with the other. As her daughters grew and matured into the young ladies they are today, Christine has continued to expand and grow her clientele and exquisite Christmas & Holiday design trademark. Great love for all things glitz and glam, Christine is best known for her luxury design that can be transformed and created on any budget.

From Traditional Christmas to Posh and Sophisticated your home or business will truly become one of a kind. Two Daughters Design Co. not only provides a design plan for your own decor, but we also can help you from the start of each season. Here at Two Daughters, we pride ourselves on relationship and reputation. Taking the time to get to know clients, while also getting to know the team at Two Daughters leads to long lasting designs, and a lifetime of friendship. As Christine typically says to her potential clients, “once I come into your home, I become a part of your home”. We look forward to connecting with you and turning your dreams into a reality. As one of our long-lasting client states, “If you wish it, Christine can create it!”
