

JTEKT

Over 42 years of capital investment, corporate responsibility, and workforce development in Lumpkin County!!

The JTEKT North America's plant was built in 1979 and the first products were shipped in June of 1980. The plant produces loose needle rollers, taper rollers, and wheel bearings mostly for various automotive applications, including automatic transmissions, engines, brake systems, and wheel bearing assemblies.

The Koyo Bearings brand is one of three brands under the JTEKT North America broad range of products, which includes more than 5000 associates and 23 facilities, including 12 manufacturing sites, 3 Technical Centers, and 5 Distribution Centers around the globe. We are proud to have JTEKT North America in Lumpkin County!
