

Jarrard Excavating LLC is owned by a lifelong Dahlonega resident, Jonathan Jarrard. The Jarrard family has owned several businesses throughout the years in Lumpkin County and the name is well known & trusted.

After 20+ years as a lineman & machine operator, Jonathan followed his entrepreneurial dream & started his own business in Jan 2022. Jarrard Excavating offers grading, excavating, water/power line conduit installs, driveway repair, erosion control, & delivery of dirt/mulch/gravel. He quickly showed his community support by becoming a Top Tier sponsor for the 2022 Lumpkin County High School Football season! Go Indians! As his business grows, he hopes to be able to continue to support & give back to the community.
