

With an estimate of over 825 weddings annually in Lumpkin County, Wimpy Farms is sure to bring a touch of the farm to many wonderful couples!

Wimpy Farms is a family farm venue located in the beautiful north Georgia mountains of Dahlonega Georgia. The farm consists of over 100 acres of beautiful streams, ponds, large hardwoods, and gorgeous fenced pastures. One of the main focal points is our Old Covered Bridge that has been a wedding site for many sweet couples over the years. We have enjoyed letting people get married, do photo-shoots and host events on our farm for years and decided that it was finally time to incorporate this fun aspect of our lives into the rest of our family businesses! We are excited for this new chapter in our lives and look forward to ensuring that your new chapter of your life and marriage starts beautifully on our farm!

Wimpy Farms is a lovely option for couples who want gorgeous views of nature to serve as the backdrop for their outdoor wedding. Currently we have six outdoor ceremony sites and will soon have one of our old barns beautifully renovated for indoor events as well. We have a lovely vision for the current property, enhancing the already gorgeous landscape! Until our barn is renovated, we will only be offering our Elopement and "Petite Package", "Old Covered Bridge Package" and "Prize Bull Package". Keep us in mind for future larger events as we continue to renovate and grow!
