

Southern Swigs is metro Atlanta & North Georgia’s premier mobile bar service offering an unmatched beverage service experience for special events like weddings, mitzvahs, corporate gatherings, or any private event where you want to add charm and character to the experience. We are based out of the quaint North Georgia mountain town of Dahlonega, a favorite for wine lovers. Dahlonega, Georgia is also one of the most popular wedding destinations in the South! We serve beverages out of “Lucky”, a super cool 1969 horse trailer that has been converted to a mobile beverage bar! We can serve nonalcoholic beverages such as soda, iced tea, lemonade. We can also serve kegged beer (up to 2 types), wine and whiskey. Choose Southern Swigs for your next private gathering and enjoy some hospitality – southern style!

“Southern Swigs’ converted horse trailer, “Lucky”, adds charm and character to any private event. We are the perfect addition to all venues and we strive to enhance every experience in which we have the opportunity to take part. Southern Swigs is rooted in Lumpkin County and we are committed to giving back to the community. We are supporters of NOA (No One Alone) by serving on the board and through a portion of our proceeds. In addition, one of our owners is a veteran with strong ties to Camp Merrill. We recently donated our time and beverages to the Ranger father/daughter dance; we look forward to donating our services to the Six Gap Gravel post-ride festival in April.”
